

Payment Gateways Alternative List

For Syed Murtaza Ali | VidFlow AI Project (Bina US LLC/Business Registration)

Lemon Squeezy rejection ke baad, yeh un platforms ki list hai jo bina registered business/LLC ke as a Freelancer ya Individual/Sole Proprietor aasan approval dete hain aur International aur National payments support karte hain.

1. International Payment Gateways (Global Audience)

Gumroad

International MoR

Approval Process:	Bohot aasan aur fast. Individual/Freelancer profile par bina kisi LLC ke approval mil jata hai.
Payment Methods:	International Credit cards, Debit cards, aur PayPal accept karta hai.
Payout (Withdraw):	Aap apni kamai direct Payoneer account mein mangwa sakte hain, jahan se woh Pakistani Bank ya JazzCash mein aa jayegi.
SaaS Integration:	Gumroad par "Digital Product" banayein, aur iske Webhooks ko Next.js/Node.js se connect karke successful payment par user ke credits update karein.

Ko-fi (with Paywall feature)

International

Approval Process:	Instant setup. Kisi kism ka kaghzi business verification required nahi hota.
Payment Methods:	Stripe aur PayPal ke zariye cards accept karta hai (Bina user ke direct Stripe account ke, yeh apna connection use karte hain).
SaaS Use-case:	Aap website par "Buy Credits" ka button laga kar Ko-fi ke digital shop link par redirect kar sakte hain.

2. Pakistani Gateways (National + International Card Support)

Paymob (Pakistan)

Local + International

Approval Process:	Aasan onboarding. Yeh **Unregistered Businesses aur Freelancers** ko khass tor par accept karte hain.
Payment Methods:	**International Visa/Mastercard** , Local Cards, Easypaisa, JazzCash, aur Direct Bank Accounts.
Requirements:	Aapka CNIC, Biometric verification, Active Pakistani Bank Account, aur live working application link.
Developer Friendly:	Inki APIs aur integration kits React/Node.js ke liye mil jati hain jisse checkouts website ke andar hi smoothly handle ho jate hain.

Safepay

Local + International

Approval Process:	Medium level. Agar aap as a Freelancer ya Individual apply karein aur unhe functional website dikhaein, toh woh approve kar dete hain.
Payment Methods:	Visa, Mastercard, aur local banking channels.
Best Feature:	Modern UI checkout components aur Next.js ke liye behtareen SDKs.

Approval Ke Liye Zaroori Tips (For Next Time):

- **Complete Landing Page:** Kisi bhi gateway par apply karne se pehle poori website functional honi chahiye. Terms & Conditions aur Privacy Policy ke pages footer mein lazmi dalein.
- **Pricing Clarity:** Website par Pricing Section bilkul clear hona chahiye (e.g., "\$5 for 100 Credits"). Chhupi hui koi cheez na ho.
- **Refund Policy:** Ek safe Refund Policy page banayein (jaise "Digital products are non-refundable after credits are used") taake payment processor ko chargeback ka dar na ho.
